**FIRST AMENDED COMPLAINT FOR COPYRIGHT INFRINGEMENT**

Plaintiff, by its attorneys, for its complaint against Defendants, allege:

**JURISDICTION AND VENUE**

1. This is a civil action seeking damages and injunctive relief for copyright infringement under the copyright laws of the United States (17 U.S.C. § 101 *et seq.*).
2. This Court has jurisdiction under 17 U.S.C. §101 *et seq.*; 28 U.S.C. § 1331 (federal question); and 28 U.S.C. § 1338(a) (copyright).
3. The manner of the transfer of Plaintiff's motion picture, "*The Hurt Locker*," among the P2P network users is called a "BitTorrent protocol" or "torrent," which is different than the standard P2P protocol used for such networks as Kazaa and Limewire. The BitTorrent protocol makes even small computers with low bandwidth capable of participating in large data transfers

across a P2P network. The initial file-provider intentionally elects to share a file with a torrent network. This initial file is called a seed. Other users (“peers”) on the network connect to the seed file to download. As yet additional peers request the same file each additional user becomes a part of the network from where the file can be downloaded. However, unlike a traditional peer-to-peer network, each new file downloader is receiving a different piece of the data from each user who has already downloaded the file that together comprises the whole. This piecemeal system with multiple pieces of data coming from peer members is usually referred to as a “swarm.” The effect of this technology makes every downloader also an uploader of the illegally transferred file(s). This means that every “node” or peer user who has a copy of the infringing copyrighted material on a torrent network must necessarily also be a source of download for that infringing file.

4. This distributed nature of BitTorrent leads to a rapid viral spreading of a file throughout peer users. As more peers join the swarm, the likelihood of a successful download increases. Because of the nature of a BitTorrent protocol, any seed peer that has downloaded a file prior to the time a subsequent peer downloads the same file is automatically a source for the subsequent peer so long as that first seed peer is online at the time the subsequent peer downloads a file. Essentially, because of the nature of the swarm downloads as described above, every infringer is *simultaneously* stealing copyrighted material from many ISPs in numerous jurisdictions around the country.

5. Venue in this District is proper under 28 U.S.C. § 1391(b) and/or 28 U.S.C. § 1400(a). The named Defendants reside in this District. Although the true identity of each remaining Doe Defendant is unknown to the Plaintiff at this time, on information and belief, each remaining Doe Defendant may be found in this District and/or a substantial part of the acts of infringement

complained of herein occurred in this District. On information and belief, personal jurisdiction in this District is proper because the named Defendants reside in this District and because the named Defendants and each remaining Doe Defendant, without consent or permission of the Plaintiff as exclusive rights owner, distributed and offered to distribute over the Internet copyrighted works for which the Plaintiff has exclusive rights in this District.

## **PARTIES**

6. Plaintiff Voltage Pictures, LLC (the “Plaintiff”) is a creator and distributor of motion pictures. Plaintiff brings this action to stop Defendants from copying and distributing to others over the Internet unauthorized copies of the Plaintiff’s copyrighted motion picture. Defendants’ infringements allow them and others unlawfully to obtain and distribute for free unauthorized copyrighted works that the Plaintiff spends millions of dollars to create and/or distribute. Each time a Defendant unlawfully distributes a free copy of the Plaintiff’s copyrighted motion picture to others over the Internet, each person who copies that motion picture can then distribute that unlawful copy to others without any significant degradation in sound and picture quality. Thus, a Defendant’s distribution of even one unlawful copy of a motion picture can result in the nearly instantaneous worldwide distribution of that single copy to a limitless number of people. The Plaintiff now seeks redress for this rampant infringement of their exclusive rights.

7. Plaintiff Voltage Pictures, LLC is a California Limited Liability Company, with its principal place of business at 6360 Deep Dell Place, Los Angeles, CA 90068. Plaintiff is engaged in the production, acquisition, and distribution of motion pictures for theatrical exhibition, home entertainment, and other forms of distribution. Plaintiff is the owner of the copyrights and/or the pertinent exclusive rights under copyright in the United States in the motion picture that has been unlawfully distributed over the Internet by the Defendants.

19. Defendant J Barry Harrelson, on information and belief, is an individual who now, and at all times alleged herein was, a resident of this District with an address of 333 2nd St., NE, Washington, DC 20002.

20. The true names of the remaining Doe Defendants are unknown to the Plaintiff at this time. Each remaining Doe Defendant is known to Plaintiff only by the Internet Protocol (“IP”) address assigned to that remaining Doe Defendant by his or her Internet Service Provider on the date and at the time at which the infringing activity of each Defendant was observed. The IP address of each remaining Doe Defendant thus far identified, together with the date and time at which his or her infringing activity was observed, is included on Exhibit A hereto. Plaintiff believes that information obtained in discovery will lead to the identification of each remaining Doe Defendant’s true name and permit the Plaintiff to amend this First Amended Complaint to

state the same. Plaintiff further believes that the information obtained in discovery will lead to the identification of additional infringing parties to be added to this First Amended Complaint as defendants, since monitoring of online infringement of Plaintiff's motion picture is ongoing.

**COUNT I
